What is Climate Change?

- **In pairs, very quickly discuss what you know about climate change.**
 - **What is it?**
 - **What causes it?**
 - **How do we know it is happening?**
 - **What can we do about it?**

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

What is Climate Change?

- **Climate change is all about the way that our weather systems change over time.**

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

What is Climate Change?

- **Climate change is all about the way that our weather systems change over time.**
- **This change can be natural or man-made.**

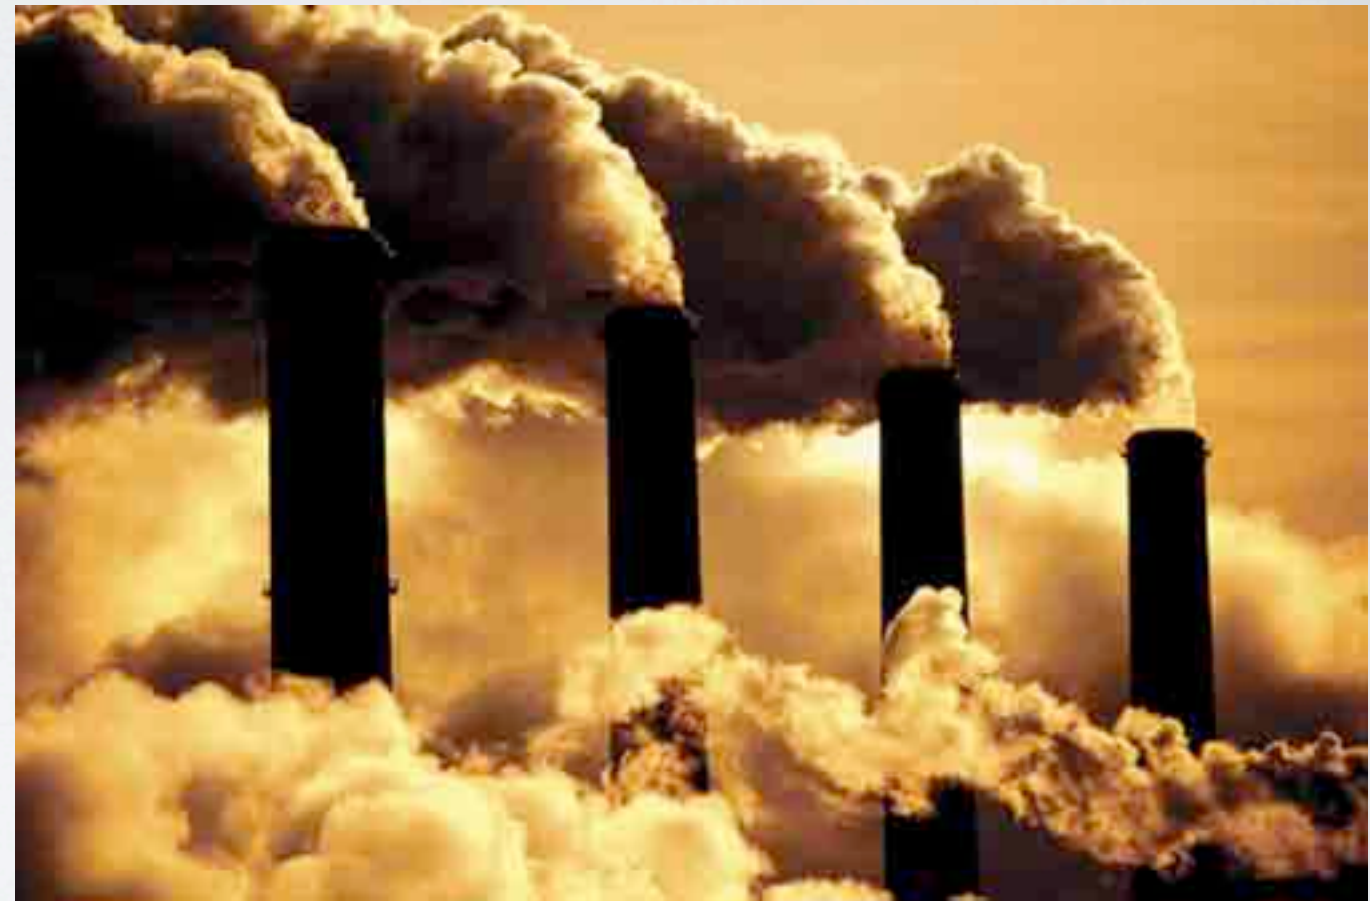

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

What is Climate Change?

- **Climate change is all about the way that our weather systems change over time.**
- **This change can be natural or man-made.**
- **A major human contribution to climate change is in the form of carbon released into the atmosphere.**

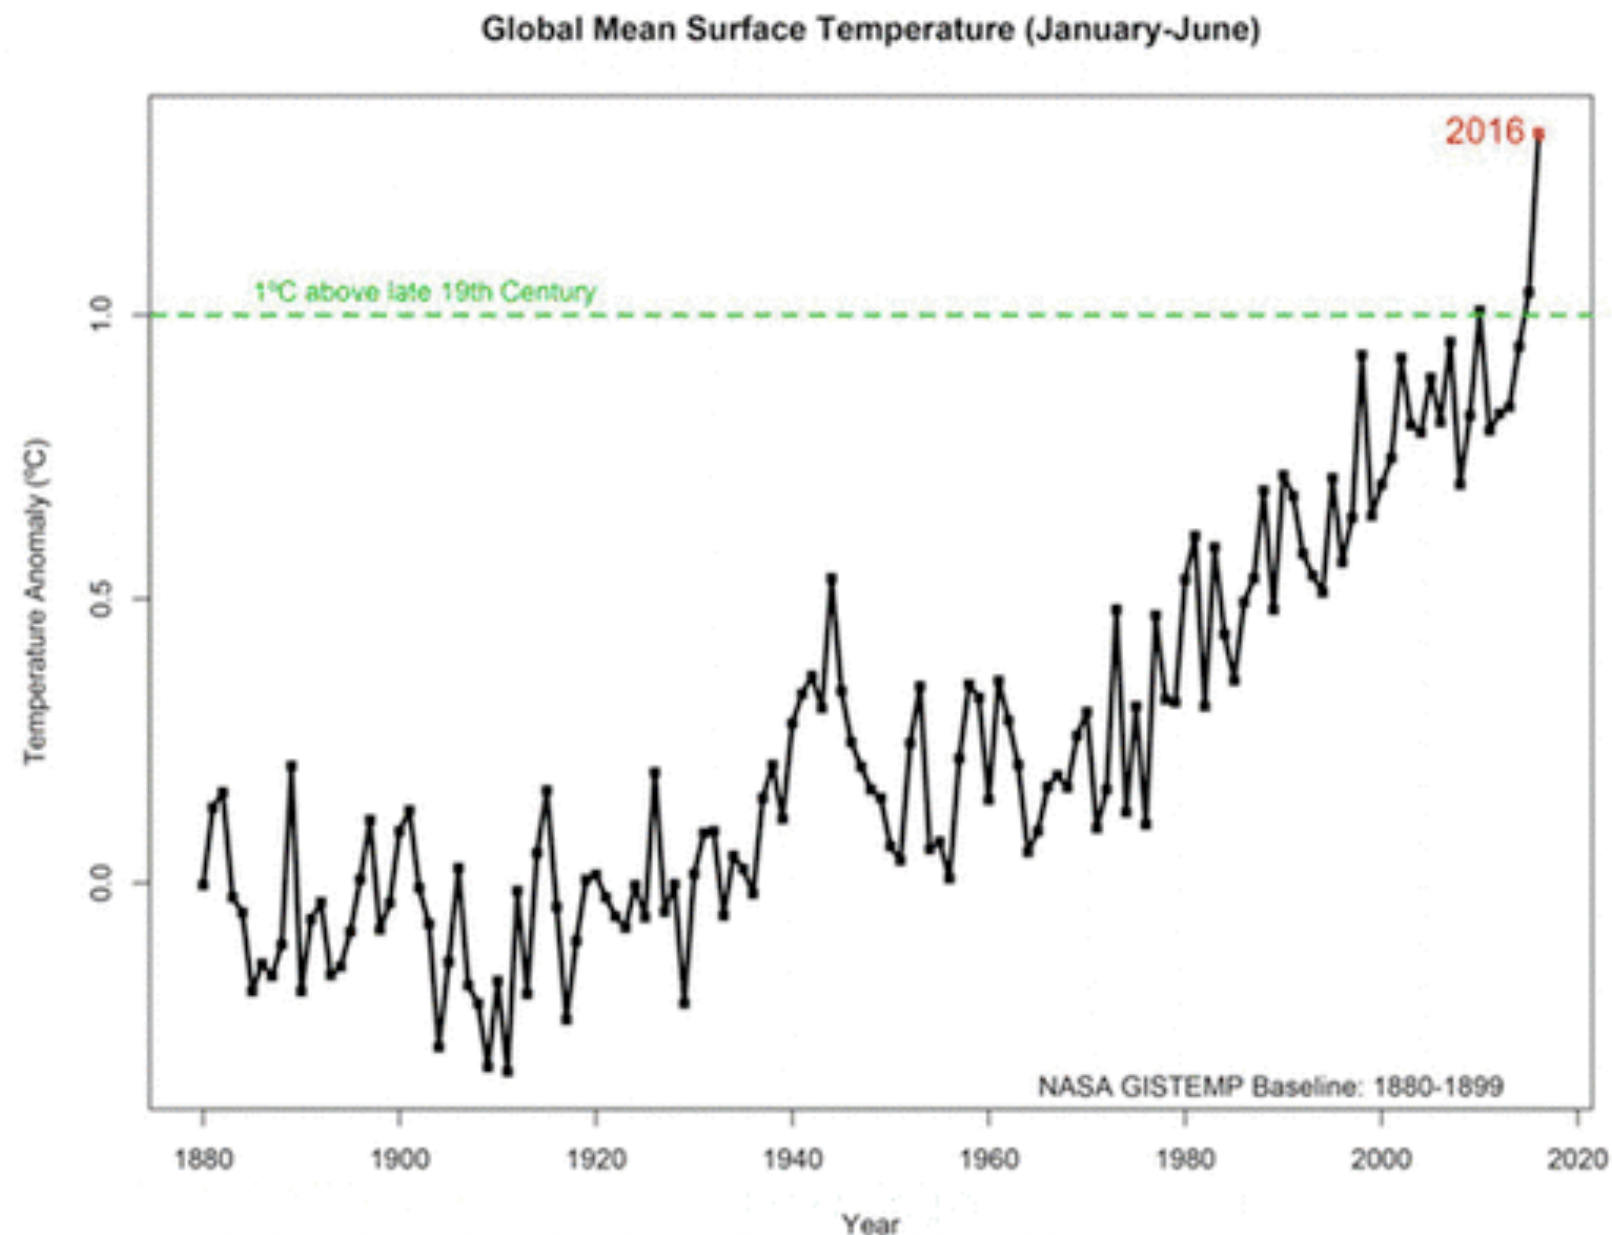

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

What is Climate Change?

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

Our project

- We have funding to help Llanfyllin High School and the wider community to prepare for the challenge of climate change.

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

Our project

- We have funding to help Llanfyllin High School and the wider community to prepare for the challenge of climate change.
- We want to raise awareness of the different things that we can do to help to reduce the negative impact of climate change.

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

Our project

- One approach we are encouraging the school and community to consider is called 'Permaculture.'

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

Our project

- One approach we are encouraging the school and community to consider is called 'Permaculture.'
- It is an approach to the environment built around ethics and principles, and that sees the world as an interconnected system.

**Earth Care
People Care
Fair Share**

Twelve Principles

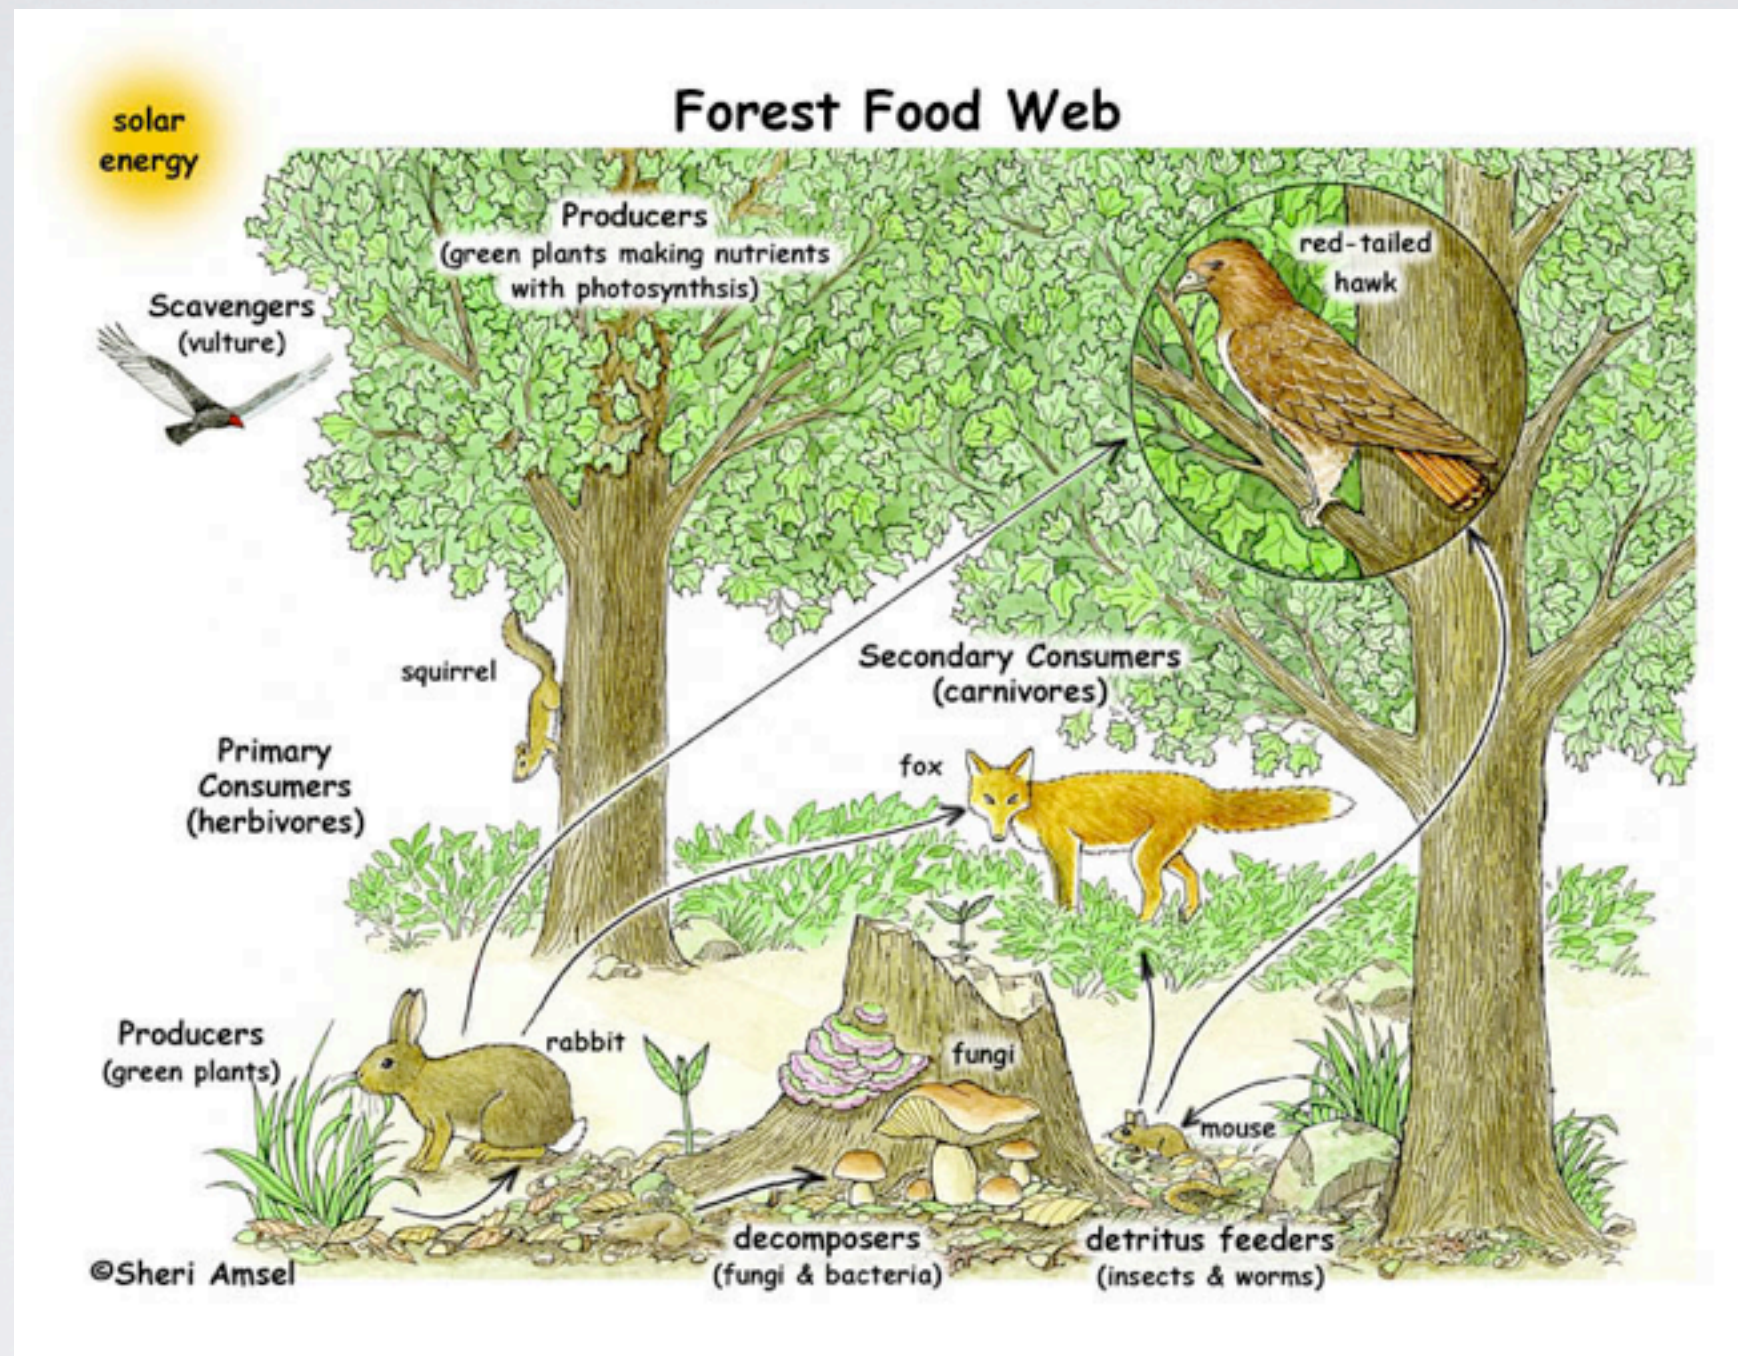

1. Observe and interact.
2. Catch and store energy.
3. Obtain a yield.
4. Apply self-regulation and accept feedback.
5. Use and value renewable resources and services.
6. Produce no waste.
7. Design from patterns to details.
8. Integrate rather than segregate.
9. Use small and slow solutions.
10. Use and value diversity.
11. Use edges and value the marginal.
12. Creatively use and respond to change.

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

Our project

- **We want you to be leaders in this project!**
- **We want to encourage the future generations (you) to think differently about our place in the ecosystem, and to develop your own way of living respectfully in it.**

Llanfyllin Transition Project

A New Vision for Climate Responsibility and a Sustainable Future

What next

- **You are going to go out and about in Llanfyllin, down to the community orchard we have been working on, to take photos that can be used to create eye-catching placards, posters and a book cover!**
